# OUR SERVICES

## SECURITY GUARDING

We can provide a complete security guarding service that we offer on both a permanent and temporary basis for commercial premises or commercial/community events. A security officer is a great visual deterrent for every business. We can provide this service to protect your premises during high risk periods or for general everyday purposes.

## KEY HOLDING & ALARM RESPONSE

We can provide a 24/7 key holding and alarm response service to large/small companies and individuals. Our key holding & alarm response service eliminates inconvenience and risk to business owners and employees.

## MOBILE PATROLS

Having a mobile security officer conduct random mobile patrols on your business premises can deter and detect criminals. This service gives you regular security presence at your premises without the need of having to maintain this for prolonged periods of time, making it a very affordable option.

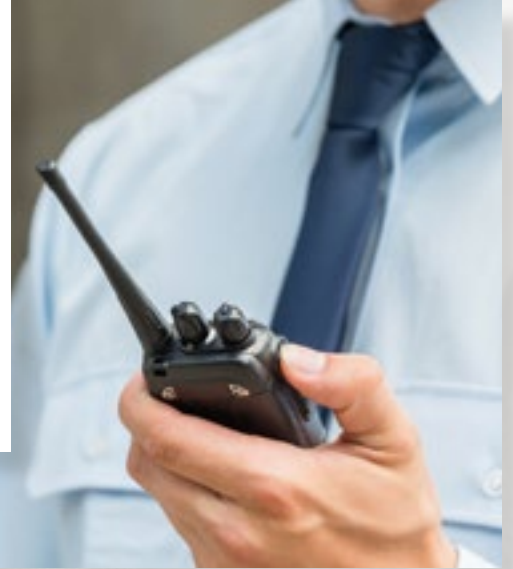

## QUALITY STAFF, ALL SIA QUALIFIED

With over ten years' experience of combined operational experience protecting client properties and staff, our dynamic team offers a wealth of knowledge and expert advice for all of your security requirements. Our teams are highly qualified and hold relevant industry qualifications and certificates. We also complete rigorous background checks on all of our security operatives.

*WOODWILL SECURITY SERVICES holds SIA approved contractor status for the provision of Security Guarding, Door Supervisor & Key Holding services. For more information about SIA accreditation, please visit their WEBSITE.*
